EXPERTISE

ARCHITECTURE

Clean Architecture
Domain-Driven Design
Microservices
Event-Driven Systems

BACKEND + DATA

Python, FastAPI, Go, Java, Spring
Boot, PostgreSQL, MongoDB,
Weaviate

FRONTEND + MOBILE

React, Next.js, Angular, TypeScript,
Flutter

AI SYSTEMS

RAG, LLM orchestration, vector
search, TTS and STT integration

EDUCATION

Master's in Artificial Intelligence
In Progress
National University of Mongolia

Bachelor's in Computer Science
National University of Mongolia

LANGUAGE

Japanese
JLPT N2

Byambajav Munkhbayar

Software Engineer

PROFILE

Software engineer building products end-to-end with domain-driven design and clean architecture. Experienced across backend, frontend, mobile, and platform engineering, with a recent focus on LLM platforms, RAG systems, Mongolian language technology, and AI agents.

EXPERIENCE

Senior Software Engineer

2025 - PRESENT

CHIMEGE SYSTEMS LLC

Built BolorDuran for macOS and Microsoft 365, shipped the Chimege Reader text-to-speech product, and delivered the egune developer platform with its public OpenAI-compatible API. Currently designing an agent orchestration and RAG system.

STACK Python / FastAPI / Go / Swift / Weaviate / PostgreSQL / NLP / RAG

Senior Software Engineer

2024 - 2025

COREMIND LLC

Built emonos.mn, a pharmacy ecommerce platform used across Mongolia, plus its logistics backend, rider mobile app, and inventory system for pharmacy chains.

STACK Python / Django / Next.js / Flutter / PostgreSQL

Fullstack Engineer / Development Manager

2020 - 2024

ERIN SYSTEMS LLC

Contributed to Gastromatic as a software developer, working on customer-relations and digital-contract microservices. Led engineering for the Ministry of Justice and Internal Affairs accounting platform and contributed to the Jarvis LMS.

STACK Java / Spring Boot / Node.js / React / Angular / PostgreSQL / MongoDB

SELECTED WORK

- 01 egune Platform - Developer platform, billing, documentation, usage dashboards, and public API for Chimege's Mongolian LLM.
- 02 e-accounting - Multi-tenant accounting platform for Mongolia's Ministry of Justice and Internal Affairs; led engineering.
- 03 emonos.mn - Pharmacy ecommerce, logistics, rider, and inventory products serving the Mongolian market.
